

ARMISTICE HALTS THE FIGHTING IN CENTRAL AMERICA

Agreement in Effect and
Peace Envoys Ready
for Parley.

WASHINGTON, July 18.—The armistice between the warring Central American republics went into effect at 4 A. M. to-day.

Mr. Munoz, the Guatemalan Minister, called at the State Department to-day and announced that he had been advised by his Government of the effect of the armistice and a secretary to represent Guatemala at the peace conference.

They will go to San Jose, Guatemala, in time to board the steamer, which is expected to reach there to-morrow. SAN SALVADOR, Tuesday, July 17.—2:30 P. M. delayed in transmission. The Peace Commissioners of Salvador are Dr. J. R. Paez and Senor Gallegas. They will go on board the United States cruiser Marblehead at Acapulco to-morrow, with the commissioners of Honduras and proceed to San Jose, Guatemala, where the other commissioners will be taken on board, and the party will put to sea and draw up and sign the treaty of peace.

The body of Gen. Thomas Regalado, leader of the troops from Salvador who recently landed the territory of Guatemala, and who was killed July 11 in a battle fought at Choluteca, Honduras, arrived at Guatemala City in a coffin to-day, and was interred in the cemetery of decomposition, making its transportation impossible.

SAN SALVADOR, July 18.—Notwithstanding President Cabrera's agreement with the President of Mexico to cease fighting pending peace negotiations in Central America, two sharp engagements have occurred in Salvador, just across the Guatemalan border. One was at Metapan and the other at Metapa. The Salvadoreans were victorious in both engagements.

Within two hours after Cabrera agreed to suspend hostilities his troops attacked the Salvadorean army at Metapa, only to be defeated by the latter yesterday morning. The fighting at Metapa occurred Monday afternoon. Both Metapa and Metapan are objective points in the march to Santa Ana, the summer capital of Salvador.

Rich and poor are serving in the Salvadorean ranks, as was shown in the engagement yesterday. In the battle-ship column Adalberto Guirio, son of the millionaire Engel Guirio, lost his life. He was a graduate of West Point and when the war broke out enlisted with thousands of his countrymen. He was about thirty years old and worth a half million dollars in his own right.

Court Holds Walesschlag for Trial,
Despite His Novel
Plea.

Abraham Walesschlag, a butcher, of No. 71 West One Hundred and Twenty-sixth street, appeared in the West Side Court before Magistrate Walsh to-day on a charge of petit larceny, made by Henry Zimmerman, who has a jewelry shop at No. 870 Columbus avenue.

Zimmerman and four other complainants, two of them from Brooklyn, who also were in court, each said he had been victimized by the butcher, who borrowed money from him and did not change a bill for him. Walesschlag admitted the charges and said he thought an operation he had undergone had affected his brain. The Court held him in \$500 bail for trial.

STORM COST CITY 5,000,000 GAS FEET

Thunder Squall Raised the Demand Far Above Normal Requirement.

At the gas hearing to-day, ordered by United States Judge Lacombe on the application of the Consolidated Gas Company to have its injunction, restraining the city from maintaining the 6-cent rate, made permanent. William H. Bradley, the chief engineer of the Consolidated Gas Company, resumed the witness stand.

Asked how the damage accompanying the thunderstorm yesterday afternoon had affected the consumption of gas, Mr. Bradley said that there were 5,000,000 cubic feet of gas consumed in excess of the day before.

In the absence of John A. Garver, Charles F. Mathewson, for the Consolidated Gas Company, conducted the examination.

Mr. Bradley said the company had already expended \$222,000 on land and plant at Astoria, the land representing a cost of \$11,000.

In speaking of the tunnel under the East River, between Astoria and One Hundred and Fourth street and First avenue, Mr. Bradley said he had designed it to hold five sixty-inch diameter pipes. Each one of these was capable of delivering 30,000,000 cubic feet an hour.

FIREMEN SAVE SIX LIVES AT A DAYLIGHT BLAZE

Unaware of Danger Until
Smoke Had Shut Off
Their Escape.

Although the fire to-day in the tenement at No. 15 East One Hundred and Fourteenth street started in broad daylight, with plenty of people to give the alarm, six persons found their escapes cut off and had to be carried down ladders after they had been almost overcome by smoke.

The house is five stories high, and there are two families on each floor. A passer-by discovered the blaze in the basement under a butcher shop, and, not knowing there was a box near at hand, ran all the way to Madison avenue and One Hundred and Fourteenth street to turn in the alarm. The delay gave the fire lots of headway, and, while it didn't do so very much damage, it filled the hallways and stairs above with thick, choking smoke.

Suspecting there might be some one left in the house the men of Hook and Ladder Truck No. 26 ran up ladders, and began exploring. On the second floor fireman Charles Loftus found Meyer Goldberg, eighty-five years old, groping about, half strangled and wholly confused. The old man had lost all sense of direction. Loftus carried him to a window and passed him down a ladder.

Across the hall he discovered Mrs. Aaron Gross and her two babies. All in a bad way from breathing smoke. They went down the ladder one at a time in the arms of firemen, while a big crowd cheered. The crowd had a chance to cheer again when the firemen found Mrs. S. Roerman and two children helpless with terror in a back room of the third floor and brought them out.

OFF TO JOIN THE FLEET.

PROVINCETOWN, Mass., July 18.—The battleships Alabama, Iowa and Indiana of the North Atlantic squadron, sailed to-day for Rockport to join the fleet for the summer maneuvers off that port. The battleship Louisiana was off Provincetown this forenoon engaged in target practice. She will return here to-night.

CHILD ON FIRE ESCAPE FALLS AND MAY DIE.

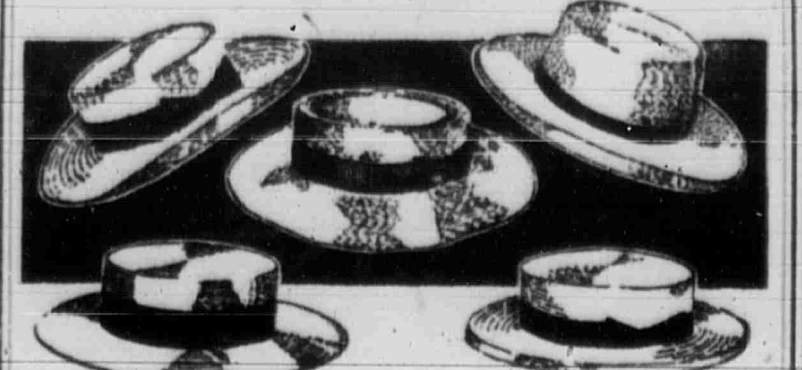

Mother Had Covered Up the Opening,
but Little One Tumbled
Two Stories to Ground.

That a fire-escape is not a safe play-ground was made plain to-day to Mrs. Sarah Haderman, whose two-year-old daughter Minnie fell two stories at

their flat, No. 15 Norfolk street. The child is at Gouverneur Hospital, suffering from internal injuries that may prove fatal.

Mrs. Haderman left the child on the fire escape while she was doing the housework. She had covered the trap of the little balcony and thought there was no chance for the child to get out. Fifteen minutes later the mother looked out to find the trap had been opened by the child, who was lying unconscious in the yard below. Mrs. Haderman's screams excited the neighborhood, and for a time there was a rumor that the place was on fire.
